

BACK-TO-SCHOOL PROGRAM

Organizational Skills and Strategies for the Coming School Year

“THE INSTITUTE FOR ADVANCED STUDY OF TUTORING SERVICES.” —THE NEW YORKER

Every student benefits from an organized and effective approach to learning. Advantage Testing’s unique **Back-to-School Program** offers focused, individualized support that enables students to excel in their schoolwork and activities and achieve optimal scholastic results.

The **Back-to-School Program** imparts enduring academic skills and strategies. In one-on-one sessions, tutors will:

- teach the student to maintain checklists, meet deadlines, stay task-oriented, and divide larger projects into manageable assignments
- discuss the student’s upcoming academic calendar and extracurricular commitments while identifying areas of concern
- prepare a customized organizational binder that helps the student process tasks by deadline, stay focused on current assignments, and categorize materials according to required action

Advantage Testing is a superb organization staffed by dedicated, caring teachers who always put their students’ success first. They have developed strategies and studying methods which consistently boost test scores and student confidence across a wide spectrum of subjects at all levels. The founders have made it their life’s work to build a program that helps clients become better, more accomplished students; it’s not just “test prep.”

Ron, October 23, 2019

Whether a student has a history of issues with organization and executive functioning, or is simply planning for an ambitious and productive school year, our **Back-to-School Program** will help them achieve and surpass their goals. Additionally, we have incorporated post-pandemic guidelines into the curriculum that will enable the student to transition seamlessly should a return to remote or hybrid learning be required.
