### RECENT CHANGES

ACT is planning to add new features soon:

- In the U.S., the ACT will be administered both as a computer-based test and in paper-and-pencil format.
- Students will be able to “retest” individual sections of the ACT.

As of September 2018, ACT will administer an unscored experimental section to all students who take the ACT with standard timing. This 20-minute section will follow the Science Test and precede the Writing Test.

### GENERAL INFORMATION

The ACT takes approximately three hours and thirty minutes to complete, including breaks (or just over 4 hours if you are taking the Writing Test).

### REGISTRATION

You must register for the ACT before the registration deadline.

### TEST INFORMATION RELEASE SERVICE

If you take the ACT in December, April, or June, you can get a copy of the test through the Test Information Release Service.

### ACCOMMODATIONS

You must register for your preferred test date by the registration deadline and indicate your need for accommodations. After registering, send a “Consent to Release Information to the ACT” form to your school official, who will then submit your accommodations request.
